ISSUE: Donation of Technology Surplus

2nd Chance Modesto Computer Refurbishing is a program through Jesus Our Savior Anglican Church (a 501 (c) organization) in Modesto which accepts surplus technology items (desktop computers; laptop computers; monitors; Chromebooks; computer mice; keyboards, miscellaneous cords and hardware, etc.) and refurbishes them. These items are then distributed to students free of charge for their use.

Escalon Unified and Modesto City Schools are utilizing 2nd Chance Modesto Computer Refurbishing to handle their surplus technology.

Our current surplus procedure is to utilize a third party vendor for online auctions. While this has resulted in some revenue for the sale of surplus technology, the District has been looking for a way to possibly offer refurbished technology items back to students. 2nd Chance Modesto Computer Refurbishing makes that possible.

While the organization is located in Modesto, they will work with our District to ensure that items we donate can be distributed to students within our district/county for their use whenever possible.

The Board will continue to receive a surplus list for approval. Our procedure for handing technology surplus for the items listed above will be to donate them to 2nd Chance Modesto Computer Refurbishing.

Information about 2nd Chance can be found at their website: www.2ndchancemodesto.org .
