ISSUE: 2019-2020 Budget Calendar

Attached is the proposed budget development calendar for fiscal year 2019-2020 for your review and approval.

The calendar outlines the timeline and responsibility of the various aspects of the budget development and adoption process for our district.

I consider this calendar a 'working document' as dates and/or actions required may change given the issues surrounding the State's budget and the effect these issues will have on education funding. I will update this calendar throughout the budget process, if needed, and review revisions with the Board as they happen.
