RE: Private Day Care Program on JESD Facilities

In April the Jefferson Elementary School District was notified by Tender Loving Care (TLC) that they would be closing their facility at Tom Hawkins School for the 2018-2019 school year. TLC reported that enrollment had dropped to below 15 and it was no longer profitable to run the day care. Due to the closure, TLC students will be offered spots at Monticello and Traina Schools. Since this information became public, interested day care providers in Tracy have reached out about using the facility to expand their programs into JESD facilities.

The District administration asks for direction on whether or not to expand day care offerings beyond TLC in the District and if so whether or not to do a request for qualifications from multiple providers for the Board to select from?
