Is your child on the path to college?

FUN WORKSHOPS DESIGNED TO PROVIDE PARENTS WITH BACKGROUND INFORMATION ABOUT THE TRANSITION TO THE COMMON CORE STANDARDS AND COLLEGE AND CAREER READINESS

There are many exciting changes occurring today in education. Our state has adopted a new set of instructional guidelines called Common Core State Standards. These standards are designed to be rigorous and create college and career ready students.

Parents will be a critical piece of the puzzle of successful implementation. Come learn about the important shifts students and teachers will be making and how parents can support students as they adjust to the new standards. The workshops are designed to be fun and interactive. Parents will walk away with tools to use immediately with students. Refreshments will be provided!
