# II. RETURN TO OPEN SESSION – 6:30 PM

Welcome from Board President Mrs. Wingo

Pledge of Allegiance

Superintendent's Report – Dr. Bridges shared that last week the Department of Finance released that they project the State of California to have a budget deficit of \$54 billion dollars over the next two years. Without cash deferrals and/or a federal bailout this could mean a reduction of \$2,400 per student in lost student revenue. With some intervention it is projected to be about \$1,200 per student or \$2,000,000 reduction. The big difference between now and the 2007-2008 recession is that this is a rapid reduction, whereas the 2007-2008 recession occurred over a number of years. The district has been working with staff on developing plans for various scenarios for reopening our

schools in August. The scenarios are:

Scenario 1 - Schools open normally in the beginning of August

Scenario 2 – Schools open with restrictions in the beginning of August

Scenario 3 – Schools opening later than the anticipated date in August

Scenario 4- School opens but with continued distance learning and facilities will still be closed

Scenario 5– Schools open in July to make up for "learning loss" but this option doesn't seem likely

Dr. Bridges notes that after we receive additional information from San Joaquin County Public Health, the District will be seeking input from students, staff, and parents before bringing draft plans forward to the Board in June.

In happier news tonight we are going to recognize the outstanding employees of the Jefferson School District. We are honored to have so many talented and dedicated employees in the District that go above and beyond for students on a daily basis.
