Superintendent's Report- Jim Bridges

Busing Update- Dr. Bridges shared that we have not had to cancel a single bus route the entire year to date.

Construction- Corral Hollow Elementary School remains on track for an August 2024 opening. The final major hurdle should be cleared in the next few weeks with the arrival of the electrical switch gear from Texas. Dr. Bridges also shared some pictures of the building's progress.

Spelling Bee Winners- The district Spelling Bee was held on November 2nd, with the following students winning respective placements. For 4th-6th grade, Nishka Raje won 1st place, Sufyan Noori won 2nd grade, and Dhyan Dhayal won alternate. For 7th-9th grade, Praneet Kumaravel took 1st place, Pranvi Rikkamalle 2nd place, and Yukta Mukkala won alternate.

Dr Bridges also shared that Monticello had its first rally, which was a huge success, and he thanked Mrs. Bunch, Mrs. Wooten, and the Monticello ASB advisors and students for their help.

Student Body Reports-

Trisha Dasgupta ASB president Monticello

Here are my updates. Monticello had its first school rally on Friday, November 3, with a theme of extreme purple and green, and it was a huge success. We thank Dr. Bridges, Miss Jones, and Mrs. Bunch for their help. In our last meeting, we reviewed the rally's glow and growth. Some of the glows included fun, organized, and demonstrated games. Some gains included having prizes, letting students participate more than once, and having more games. We had a costume parade on Tuesday, October 31. Many of our students dressed up that day. And so did our teachers and staff. Today, we launched the Brighter Christmas food drive; we encourage our students to gather canned food for needy people from November 14 to December 13. This past month, Monticello had a successful fire and earthquake drill. We will have a first-trimester award assembly the week of December, and for our upcoming spirit days, pajama day on November 7. Thank you for listening to my report.

Bailey Sauers ASB Vice-President Jefferson

Jefferson has quite a bunch of things going on. We celebrated Red Ribbon Week and learned the importance of living drug-free. We have also started a quote that students are guided to live by seeing and saying something. This quote ensures a decrease in our students and teaches them how to keep others and our community safe. This Friday is what everyone's excited about: the turkey trot. The winners from each grade level in gender will be getting a turkey to kick off Thanksgiving break. It's the best way to start Thanksgiving break since this Friday will be a short rally schedule, and all students and teachers will have a pajama day. You all should come to check it out. Jefferson also has started Brighter Christmas donations. Jefferson always goes all out with its generosity. And last year, we donated tons and tons of nonperishable foods. That is all for this month; thank you for listening, and have a great rest of the night.

Paloma Ibarra ASB Secretary Hawkins

During these past few weeks, Hawkins had their first dance of the year, which worked well. A lot of people went in their costumes and had fun. Then, a Fall Festival hosted by HDFC in the evening, where we gave out candy, and the kids went to me, so we're just going to be interfering. A sixth grader will move on to the San Joaquin County Spelling. The girls' basketball team has started their season and will work hard in practice. Last but not least, we will host an event called Anything But About 50 this Friday. Students are encouraged to bring their items and everything but an actual backpack. Thank you for your time, and have a great

Natalie Vasquez ASB Secretary Traina

The Traina Tigers are in full swing for college weeks as it is national college week, which takes place during our break. This year's focus is private colleges and universities in California. The colleges picked were the University of San Francisco, Pepperdine University, St. Mary's College of California, University of the Pacific. We had a great kickoff on Monday as it was "Dream Big." Students were asked to wear any college apparel or the apparel of the room college and pajama pants—every college student's favorite piece of clothing. Today was teacher alma mater day. Wednesday is UCLA Day in honor of Dr. Bridges, who started college week in our district. On Thursday's career day, students will dress as they want to be when they graduate college. It will all wrap up on Friday with a K through fourth rally and a fifth through eighth rally. The sixth through eighth graders will have a dance in the gym that evening. We're very excited about the festival and cannot wait for fall break next week. Thank you, and have a good night

V. EDUCATIONAL SERVICES

5.1 Student Enrollment-

Jim Bridges- Last month, we were at 2,944 students. We're now at 2966 and growing every single day. We're adding a new kindergarten class. We hope that that will be online before winter break. We have an agreement with the union to go up to 28 students per class and the primary grades, but we have a hard cap at 28, and we started the year at 24 to 25 in kindergarten, and we now have three open spots district-wide. And so we are 27 and, in some cases, 28 across the district. So, for the past week or so, and moving forward, all students who come to kindergarten are being told that while they're currently being placed in a school, once that classroom opens, they will be moving into that classroom, which will be housed at Traina. We're also excited because we've been planning to open a preschool autism class for many years, and it's finally coming to fruition that class will also be starting on December 4. This target opening date will be at Traina School, so it's nice we're bringing back many students who would have gone to the county and can now remain within our district.

BOARD DISCUSSION AND REPORTS (The board may or may not take action on any items listed below)

8.1 Resolution 2023-11-01 Establishment of Trustee Boundaries

Dr. Bridges gave a short presentation to the board regarding establishing trustee boundaries.

For several years, there's been a push to have California school districts and public municipalities

draw trustee areas for their jurisdictions. Typically, it's been at large voting in our

school districts in California. That means you could have five board members living on the same

street. However, California has enacted a law to ensure that pockets of the population are not

disenfranchised or left out of the voting process. This law allows somebody to file a demand letter

against a school district if they feel people's voting rights are violated. If this happens, the district

has two choices: to fight back legally or hire a demographer and still have to pay the person who filed

the demand letter, which is what we are talking about tonight. No school district in the state has won,

and most are paying considerable legal fees. If the board approves this resolution, we have a tight

timeline to complete this process before the January 1 deadline. The recommendation tonight is to

approve this resolution, which will start the process. This includes hiring a demographer (7.3) and

holding five public meetings between now and the end of the school year.
