7.2 2018-2019 Second Interim Report – CBO, Mindy Maxedon presented the Second Interim report. Interest budgets were revised across all funds as interest rates have increased slightly and the local revenue was adjusted up slightly as well. Routine Repair and Maintenance was lowered to return Resource 8150 to 2% of general fund expenditures for the 2018-19 year. Backed out the one-time budgets for district and site projects in Resource 0700 for the 2019-2020 school year on the assumption that the projects will be complete by year’s end. Budget was added in Resource 7311 for the Classified Professional Development Grant. Reduced the Special Education contribution by \$65,180 as some positions ended up filling with less expensive staff. Additional revenue was received from the SELPA as well. The District is planning to be down roughly 140 students as a cautionary change due to the IDA policy change with neighboring district, as well as a large outgoing eighth grade class & lower numbers in incoming Kindergarten and TK classes. The report confirms that the district is positively certified through the 2020-2021 school year based on the current assumptions outlined.

Tom Hawkins is the only school left who needs the entryway and office space changed. Tonight Dr. Bridges is bringing forward the contract for PJHM to do the work. Dr. Bridges is looking for direction from the Board for the Hawkins entryway construction to be completed using the remaining \$600K in bond funds. With the Board’s approval, Dr. Bridges would like to go out to bid so that the project can be completed over the summer.
