BP 5030 (a)

STUDENT WELLNESS

The Governing Board recognizes the link between student health and learning and desires to provide a comprehensive program promoting healthy eating and physical activity for district students. The Superintendent or designee shall coordinate and align district efforts to support student wellness through health education, physical education and activity, health services, nutrition services, psychological and counseling services, and a safe and healthy school environment. In addition, the Superintendent or designee shall develop strategies for promoting staff wellness and for involving parents/guardians and the community in reinforcing students' understanding and appreciation of the importance of a healthy lifestyle.

School Wellness Council

The Superintendent or designee shall encourage parents/guardians, students, food service employees, physical education teachers, school health professionals, Board members, school administrators, and members of the public to participate in the development, implementation, and periodic review and update of the district's student wellness policy. (42 USC 1758b; 7 CFR 210.31)

Goals for Nutrition, Physical Activity, and Other Wellness Activities

The Board shall adopt specific goals for nutrition promotion and education, physical activity, and other school-based activities that promote student wellness. In developing such goals, the Board shall review and consider evidence-based strategies and techniques. (42 USC 1758b; 7 CFR 210.31)

(cf. 0000 - Vision)

(cf. 0200 - Goals for the School District)

The district's nutrition education and physical education programs shall be based on research, shall be consistent with the expectations established in the state's curriculum frameworks and content

STUDENT WELLNESS (continued)

standards, and shall be designed to build the skills and knowledge that all students need to maintain a healthy lifestyle.

(cf. 6011 - Academic Standards)
(cf. 6142.7 - Physical Education and Activity)
(cf. 6142.8 - Comprehensive Health Education)
(cf. 6143 - Courses of Study)

The nutrition education program shall include, but is not limited to, information about the benefits of healthy eating for learning, disease prevention, weight management, and oral health. Nutrition education shall be provided as part of the health education program and, as appropriate, shall be integrated into other academic subjects in the regular educational program, before- and after-school programs, summer learning programs, and school garden programs.

(cf. 5148.2 - Before/After School Programs)
(cf. 6177 - Summer Learning Programs)

All students shall be provided opportunities to be physically active on a regular basis. Opportunities for moderate to vigorous physical activity shall be provided through physical education and recess and may also be provided through school athletic programs, extracurricular programs, before- and after-school programs, summer learning programs, programs encouraging students to walk or bicycle to and from school, in-class physical activity breaks, and other structured and unstructured activities.

(cf. 5142.2 - Safe Routes to School Program)
(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6145.2 - Athletic Competition)

The Board may enter into a joint use agreement or memorandum of understanding to make district facilities or grounds available for recreational or sports activities outside the school day and/or to use community facilities to expand students' access to opportunity for physical activity.

(cf. 1330.1 - Joint Use Agreements)

Professional development may be regularly offered to the nutrition program director, managers, and staff, as well as health education teachers, physical education teachers, coaches, activity supervisors, and other staff as appropriate to enhance their knowledge and skills related to student health and wellness.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

In order to ensure that students have access to comprehensive health services, the district may provide access to health services at or near district schools and/or may provide referrals to community resources.

STUDENT WELLNESS (continued)

The Board recognizes that a safe, positive school environment is also conducive to students' physical and mental health and thus prohibits bullying and harassment of all students, including bullying on the basis of weight or health condition.

(cf. 5131.2 - Bullying)

(cf. 5145.3 - Nondiscrimination/Harassment)

The Superintendent or designee shall encourage staff to serve as positive role models for healthy eating and physical fitness. He/she shall promote work-site wellness programs and may provide opportunities for regular physical activity among employees.

Nutrition and Physical Activity and Other School-Based Activities That Promote Student Wellness**Nutrition Education and Promotion**

Jefferson School District aims to teach, encourage, and support healthy eating by students. Schools should engage in nutrition promotion and provide nutrition education as part of health education that:

1. Is offered at each grade level as part of sequential, comprehensive health education instruction, based on the *Health Framework for California Public Schools*, and be designed to provide students with the knowledge and skills necessary to promote and protect their health;
2. Includes assessment of students' knowledge and skills;
3. Coordinates nutrition education with nutrition services, physical education, health services, counseling, healthy school environment and other components of coordinated school health so students receive consistent information and reinforcement from multiple sources;
4. Provides staff members that are involved in nutrition education with adequate pre-service and ongoing in-service training that focuses on teaching strategies that promote healthy behaviors. Teachers' training will focus on teaching and integration of nutrition education across curriculum. Food Services staffs' training will be focused around planning, preparation and delivery of meals. Child Nutrition Director will be in-serviced on food service management practices and techniques;
5. Involves family members and the community in supporting and reinforcing nutrition education.

(cf. 6142.8 – Comprehensive Health Education)

(cf. 4131 - Staff Development)

(cf. 4331 - Staff Development)

STUDENT WELLNESS (continued)**PHYSICAL EDUCATION AND PHYSICAL ACTIVITY OPPORTUNITIES****Physical Education, K-8**

All Kindergarten students will receive 50 minutes of physical education instruction every 10 days. All students in grades 1-6 will receive physical instruction a minimum of 200 minutes every 10 school days; and 400 minutes every 10 school days for students in grades 7-8. A credentialed Physical Education teacher will begin instruction for students starting in the 4th grade. Physical Education will be taught by the classroom teacher in grades K -3. All K-3 teachers will receive instructional training on Physical Education teaching and assessment appropriate to grade level being taught. The physical fitness test will be administered to all students in fifth and seventh grade during the months of February, March, April or May.

The following Physical Education Model Content Standards for California Public Schools will be taught to all students;

1. Demonstrate motor skills and movement patterns needed to perform a variety of physical activities;
2. Demonstrate knowledge of movement concepts, principals, and strategies as they apply to learning and performing physical activities;
3. Assess and maintain a level of physical fitness to improve health and performance;
4. Demonstrate knowledge of physical fitness concepts, principles, and strategies to improve health and performance;
5. Demonstrate and utilize knowledge of psychological and sociological concepts, principals, and strategies as applied to learning and performing physical activities.

(cf. 6142.7 – Physical Education)

Physical Activity

All students in grades 5-8 will be provided with the opportunity to participate in the after school sports program. This program includes, but is not limited to the following sports: volleyball, basketball, flag football, track and field.

(cf. 6145 – Extracurricular and Co-curricular Activities)

(cf. 6145.2 – Athletic Competition)

Physical Activity and Punishment

STUDENT WELLNESS (continued)

Teachers and other school and community personnel will not use physical activity (e.g. running laps, push-ups, sit-ups) or withhold physical education as punishment.

Daily Recess

All students will have at least 30 minutes a day of supervised recess, preferably outdoors, during which schools encourage moderate to vigorous physical activity.

Nutrition Guidelines for All Foods Available at School

For all foods and beverages available on each campus during the school day, the district shall adopt nutrition guidelines which are consistent with 42 USC 1758, 1766, 1773, and 1779 and federal regulations and which support the objectives of promoting student health and reducing childhood obesity. (42 USC 1758b)

In order to maximize the district's ability to provide nutritious meals and snacks, all district schools shall participate in available federal school nutrition programs, including the National School Lunch and School Breakfast Programs and after-school snack programs, to the extent possible. When approved by the California Department of Education, the district may sponsor a summer meal program.

(cf. 3550 - Food Service/Child Nutrition Program)
(cf. 3552 - Summer Meal Program)
(cf. 3553 - Free and Reduced Price Meals)
(cf. 5141.27 - Food Allergies/Special Dietary Needs)
(cf. 5148 - Child Care and Development)
(cf. 5148.3 - Preschool/Early Childhood Education)

The Superintendent or designee shall provide access to free, potable water in the food service area during meal times in accordance with Education Code 38086 and 42 USC 1758, and shall encourage students' consumption of water by educating them about the health benefits of water and by serving water in an appealing manner.

The Board believes that all foods and beverages sold and/or provided to students at district schools, including those available outside the district's reimbursable food services program, should support the health curriculum and promote optimal health. Nutrition standards adopted by the district for foods and beverages provided through student stores, vending machines, or other venues shall meet or exceed state and federal nutrition standards.

(cf. 3312 - Contracts)
(cf. 3554 - Other Food Sales)

The Superintendent or designee shall encourage school organizations to use healthy food items or non-food items for fundraising purposes.

STUDENT WELLNESS (continued)

He/she also shall encourage school staff to avoid the use of non-nutritious foods as a reward for students' academic performance, accomplishments, or classroom behavior. Rewards shall be distributed only after the lunch period.

School staff shall encourage parents/guardians or other volunteers to support the district's nutrition education program by considering nutritional quality when selecting any snacks which they may donate for occasional class parties. Class parties or celebrations shall be held after the lunch period when possible.

To reinforce the district's nutrition education program, the Board prohibits the marketing and advertising of foods and beverages that do not meet nutrition standards for the sale of foods and beverages on campus during the school day. (Education Code 49431.9; 7 CFR 210.31)

(cf. 1325 - Advertising and Promotion)

Program Implementation and Evaluation

The Superintendent designates the individual(s) identified below as the individual(s) responsible for ensuring that each school site complies with the district's wellness policy. (42 USC 1758b; 7 CFR 210.31)

School Site Principals:

Christina Orsi, Tom Hawkins School, 209-839-2380
Alyssa Wooten, Jefferson School, 209-835-3053
Ken Silman, Anthony Traina School, 209-839-2379
Emily Stroup, Monticello School, 209-833-9300

(cf. 0500 - Accountability)

(cf. 3555 - Nutrition Program Compliance)

The Superintendent or designee shall assess the implementation and effectiveness of this policy at least once every three years. (42 USC 1758b; 7 CFR 210.31)

The assessment shall include the extent to which district schools are in compliance with this policy, the extent to which this policy compares to model wellness policies available from the U.S. Department of Agriculture, and a description of the progress made in attaining the goals of the wellness policy. (42 USC 1758b)

The Superintendent or designee shall invite feedback on district and school wellness activities from food service personnel, school administrators, the wellness council, parents/guardians, students, teachers, before- and after-school program staff, and/or other appropriate persons. The Board and the Superintendent or designee shall establish indicators that will be used to measure the implementation and effectiveness of the district activities related to student wellness. Such indicators may include, but are not limited to:

STUDENT WELLNESS (continued)

1. Descriptions of the district's nutrition education, physical education, and health education curricula and the extent to which they align with state academic content standards and legal requirements
2. An analysis of the nutritional content of school meals and snacks served in all district programs, based on a sample of menus and production records
3. Student participation rates in all school meal and/or snack programs, including the number of students enrolled in the free and reduced-price meals program compared to the number of students eligible for that program
4. Extent to which foods and beverages sold on campus outside the food services program, such as through vending machines, student stores, or fundraisers, comply with nutrition standards
5. Extent to which other foods and beverages that are available on campus during the school day, such as foods and beverages for classroom parties, school celebrations, and rewards/incentives, comply with nutrition standards
6. Results of the state's physical fitness test at applicable grade levels
7. Number of minutes of physical education offered at each grade span, and the estimated percentage of class time spent in moderate to vigorous physical activity
8. A description of district efforts to provide additional opportunities for physical activity outside of the physical education program
9. A description of other districtwide or school-based wellness activities offered, including the number of sites and/or students participating, as appropriate

As feasible, the assessment report may include a comparison of results across multiple years, a comparison of district data with county, statewide, or national data, and/or a comparison of wellness data with other student outcomes such as academic indicators or student discipline rates.

In addition, the Superintendent or designee shall prepare and maintain the proper documentation and records needed for the administrative review of the district's wellness policy conducted by the California Department of Education (CDE) every three years. The assessment results of both the district and state evaluations shall be submitted to the Board for the purposes of evaluating policy and practice, recognizing accomplishments, and making policy adjustments as needed to focus district resources and efforts on actions that are most likely to make a positive impact on student health and achievement.

STUDENT WELLNESS (continued)**Notifications**

The Superintendent or designee shall inform the public about the content and implementation of the district's wellness policy and shall make the policy, and any updates to the policy, available

the public on an annual basis. He/she shall also inform the public of the district's progress towards meeting the goals of the wellness policy, including the availability of the triennial district assessment. (Education Code 49432; 42 USC 1758b; 7 CFR 210.31)

(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall distribute this information through the most effective methods of communication, including district or school newsletters, handouts, parent/guardian meetings, district and school web sites, and other communications. Outreach to parents/guardians shall emphasize the relationship between student health and wellness and academic performance.

(cf. 1100 - Communication with the Public)

(cf. 1112 - Media Relations)

(cf. 1113 - District and School Web Sites)

(cf. 1114 - District-Sponsored Social Media)

(cf. 6020 - Parent Involvement)

Each school may post a summary of nutrition and physical activity laws and regulations prepared by the CDE.

Nondiscrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Records

The Superintendent or designee shall retain records that document compliance with 7 CFR 210.31, including, but not limited to, the written student wellness policy, documentation of the triennial assessment of the wellness policy for each school site, and documentation demonstrating compliance with the community involvement requirements, including requirements to make the policy and assessment results available to the public.
