

COURSES OF STUDY

The Board of Trustees recognizes that a well-articulated sequence of courses fosters academic progress and makes the best possible use of instructional time. The Board shall adopt a course of study for elementary grades which sufficiently prepares students for the secondary school course of study. The Superintendent or designee shall work with representatives of secondary schools to ensure smooth transitions for students between the schools. In addition, he/she shall inform the Board of any changes in secondary school curriculum and shall solicit ways to expand or improve students' preparation for their secondary education.
