

FEDERAL GRANT FUNDS

To ensure the lawful expenditure of any federal formula or discretionary grant funds awarded to the district, the Superintendent or designee shall comply with the requirements of the Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance"), as contained in 2 CFR 200.0-200.521 and Appendices I-XII.

Allowable Costs

Prior to obligating or spending any federal grant funds, the Superintendent or designee shall determine whether a proposed purchase is an allowable expenditure in accordance with 2 CFR 200.400-200.475 and the terms and conditions of the award. The Superintendent or designee shall also determine whether the expense is a direct or indirect cost as defined in 2 CFR 200.413 and 200.414 and, if the purchase will benefit other programs not included in the grant award, the appropriate share to be allocated to the federal grant.

The Superintendent or designee shall review and approve all transactions involving federal grant funds and shall ensure the proper coding of expenditures consistent with the California School Accounting Manual.

Period of Performance

All obligations of federal funds shall occur on or between the beginning and ending dates of the grant project and shall be paid no later than 120 calendar days after the end of the funding period, unless specifically authorized by the grant award to be carried over beyond the initial term of the grant. (2 CFR 200.77, 200.308, 200.309, 200.344)

Procurement

When procuring goods and services with a federal grant, the Superintendent or designee shall comply with the standards contained in 2 CFR 200.317-200.327 and Appendix II of Part 200, and with any applicable state bidding or procurement law or district policy that is more restrictive.

As appropriate to encourage greater economy and efficiency, the Superintendent or designee shall avoid acquisition of unnecessary or duplicative items, give consideration to consolidating or breaking out procurements, analyze lease versus purchase alternatives, consider entering into an interagency agreement for procurement of common or shared goods and services, and/or use federal excess or surplus property. (2 CFR 200.318)

The procurement of goods or services with federal funds shall be conducted in a manner that provides full and open competition in accordance with state laws and district regulations and the following requirements:

1. Any purchase of supplies or services that does not exceed the "micro-purchase" threshold established by the district in accordance with 48 CFR 2.101 may be awarded without soliciting competitive quotes, provided that the district considers the price to be reasonable and maintains written evidence of this reasonableness in the record of all micro-purchases. (2 CFR 200.67, 200.320)

Capital Expenditures

The Superintendent or designee shall obtain prior written approval from the awarding agency before using federal funds to make capital expenditures, including the acquisition of land, facilities, equipment, and intellectual property and expenditures to make additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations, or alterations to capital assets that materially increase their value or useful life. (2 CFR 200.313, 200.439)

Conflict of Interest

Governing Board members, district employees, and other district representatives shall not participate in the selection, award, or administration of a contract supported by federal funds if they have a real or apparent conflict of interest, such as when they or a member of their immediate family, their partner, or an organization which employs or is about to employ any of them has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. Such persons are prohibited from soliciting or accepting gratuities, favors, or anything of monetary value from contractors or subcontractors unless the gift is an unsolicited item of nominal value. (2 CFR 200.318)

Employees engaged in the selection, award, and administration of contracts shall also comply with BB 9270 - Conflict of Interest.

Persons involved in the selection, award, or administration of a contract supported by federal funds shall be subject to discipline for any violation of conflict of interest standards. (2 CFR 200.318)

Cash Management

The Superintendent or designee shall ensure the district's compliance with 2 CFR 200.305 pertaining to payments and cash management, including compliance with applicable methods and procedures that minimize the time elapsing between the transfer of funds to the district and the district's disbursement of funds. (2 CFR 200.305)

When authorized by law, the district may receive advance payments of federal grant funds, limited to the minimum amounts needed and timed in accordance with the actual immediate cash requirements of the district for carrying out the purpose of the program or project.

Except under specified conditions, the district shall maintain the advance payments in an interest-bearing account. The district shall remit interest earned on the advanced payment to the awarding agency on an annual basis, but may retain interest amounts specified in 2 CFR 200.305 for administrative expenses. (2 CFR 200.305)

When required by the awarding agency, the district shall instead submit a request for reimbursement of actual expenses incurred. The district may also request reimbursement as an alternative to receiving advance payments. (2 CFR 200.305)

The Superintendent or designee shall maintain source documentation supporting the expenditure of federal funds, such as invoices, time sheets, payroll stubs, or other appropriate documentation.

Personnel

All district employees who are paid in full or in part with federal funds shall document the amount of time they spend on grant activities. Such records shall be incorporated into the official records of the district and shall be subject to a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated in accordance with 2 CFR 200.430. (2 CFR 200.430)

Salaries and wages of employees whose salary is paid with state or local funds but are used to meet a cost-sharing or matching requirement of the federal grant shall be documented in the same manner as salaries and wages claimed for reimbursement under a federal grant. (2 CFR 200.430)

Records

Except as otherwise provided in 2 CFR 200.334, or where state law or district policy requires a longer retention period, financial records, supporting documents, statistical records, and all other district records related to a federal award shall be retained for a period of three years from the date of submission of the final expenditure report or, for a federal award that is renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report. (2 CFR 200.334)

Audits

Whenever the district expends \$750,000 or more in federal grant funds during a fiscal year, it shall arrange for either a single audit or a program-specific audit in accordance with 2 CFR 200.507 or 200.514. (2 CFR 200.501)

The Superintendent or designee shall ensure that the audit meets the requirements specified in 2 CFR 200.500-200.521.

Specified records pertaining to the audit of federal funds expended by the district shall be transmitted to the clearinghouse designated by the federal Office of Management and Budget and shall be made available for public inspection. Such records shall be transmitted within 30 days after receipt of the auditor's report or within nine months after the end of the audit period, whichever is sooner, unless a longer period is agreed to in advance by the federal agency or a different period is specified in a program-specific audit guide. (2 CFR 200.512)

In the event that the audit identifies any deficiency, the Superintendent or designee shall promptly act to either correct the identified deficiency, produce recommended improvements, or demonstrate that the audit finding is invalid or does not warrant action. (2 CFR 200.26, 200.508, 200.511)
