Our students were so engaged during our first WIN (What I Need Session). Every Thursday, students are provided enrichment and intervention courses that are outside of their normal schedule. We run a 2:00 bell schedule,

allowing an hour session for students to choose from courses, switch classes and then have approximately 45 minutes of a different course. This past Thursday, teachers and staff made this such an inspirational and exciting time. They participated in GATE course learning about the ecosystem, used coding on the computer to solve puzzles in a Breakout Edu course, attended Book Frenzy Rounds in the library where they found books that sparked their interest, and even participated in a self-led lesson for test prep in math intervention. The excitement and engagement of the students, and the passion and energy the staff put into tailoring these weekly lessons is incredible to see.

Our Monticello Jefferson Carnival is also right around the corner, Friday, October 25th from 3:00 – 7:30pm at Monticello School. Our teachers will be putting together auction baskets as a fundraiser for our students and more information regarding auction baskets will come home soon. This event raises funding to run our biggest programs at our schools and the auction baskets bring in a large portion of that funding. Furthermore, a large portion of the funds come from donations. Attached to the newsletter is an informational letter as well as donation levels. The donations also include a large advertisement banner (and more!) that will be displayed at Jefferson or Monticello School.

Parent Teacher Conferences take place the week of September 30th. Students do not have school on Monday, September 30th due to conferences. Furthermore, Tuesday through Friday will be 2:00 dismissal days for conferences. We are using an online system for conference sign ups. Our goal is that you will have an opportunity to select a time that works best for you. More information, including the sign up link will be sent to families soon, so be on the lookout for Parent Teacher Conference information in your email.

Again, we truly appreciate your continued support. Please read the Jefferson Times on a weekly basis and visit our website at <https://www.jeffersonschooldistrict.com/jefferson>.

Sincerely,  
Alyssa Wooten, Principal

## ATTENDANCE CHALLENGE

#1 SCHOOL IS YOUR FIRST AND MOST IMPORTANT JOB

You need to be at school on time every day to learn what you need to achieve your goals. The more days you miss, the harder it is to keep up.

University of the Pacific and our community partners challenge you to build a habit of good attendance, starting with the month of September. Students with perfect attendance for the whole month will be given small tokens including bookmarks, athletic tickets, Pacific wristbands, and will be entered to win a Kindle Fire tablet!

# Holiday Art Contest

Each year the San Joaquin County Office of Education (SJCOE) produces a holiday card that is distributed to over 800 individuals including San Joaquin County principals, district superintendents, government officials, and county superintendents statewide. The artwork on the card is created by a student, or students, in San Joaquin County to showcase the vast abilities of children in the world of art.

From all entry forms received, **a total of 4 classes**, one from each of the four grade categories will be randomly selected to participate and receive art supplies for this contest. The four grade categories are: TK-4, 5-8, High School, and SDC.

Please note, only artwork from the students in the randomly selected classrooms will be considered for a chance to get their artwork featured on SJCOE's official Holiday Card. **Do NOT begin artwork until you have received notification that your class was selected as one of the four classes to participate.**

We're looking for a **\*wintry or Holiday-themed scene\*** as interpreted by your students—whatever their imagination creates will be perfect! If you have any questions, please contact Administration at 209.468.4802.

If this is something you would like your classroom to be considered for, please complete the bottom portion and submit by **Friday, September 20<sup>th</sup>** to: **Lucy Greaney – lgreaney@sjcoe.net** or fax to **209.468.4975**.

## 21st Century Mathematics for Parents (TK-12)

The California Mathematics Standards prepare students to do real math in the real world. Many **new teaching methods are very different from the way most parents learned math**, leading to frustration and confusion as parents find themselves unable to help with homework or explain difficult concepts. It is extremely important to create a **partnership between educators and parents** involving the teaching and learning of math. This 3 hour session will help you:

- Learn **why the New Standards were developed** and how you, as parents can **support your child** in order to ensure that they **thrive in the 21st Century**.
- Understand why making the **shift is crucial for your child's success**
- **Experience math learning** using the new teaching methods
- Learn the **resources** available to understand the shifts
- **Communicate** more effectively with your child's teacher
- **explore the big ideas** behind the new 21st Century math standards

These standards were designed to **improve college-and career-readiness, and to prepare U.S. students to be more competitive on an international stage when it's time to enter the workforce**. This session shows you how the standards were created, and how they've **evolved over time to help ensure your child's future success**. **Math skills are critical to real-world success**, and the new standards reflect that reality in scope and rigorousness. This 3 hour session will help you help your **child succeed**.

➔ **No cost for this training.**
