4. UPDATE ON MEASURE J PROJECTS AND TIMELINE –

Grass Fields – The remaining Series A projects are the field and track projects. Mr. Continente reported on the status. Growth of the Bermuda grass is improving and the recent application of fertilizer along with daily monitoring and proper watering should produce significant growth with a few weeks.

Recently Mr. Continente met with Hawkins parents to survey the field condition. The main concerns were regarding drainage and grading, which were deemed correctly graded to the specifications. The grading is to promote good drainage. Concerns regarding rutting and low spots are valid, but can be corrected. Mr. Continente will lead a second walk-through on April 8, at 3:00 PM. Members requested Hawkins site committee members be invited. Mrs. Riley shared that some Hawkins site committee members haven't been kept informed on project details. Dr. Eaton requested concerned citizens come to him as he has not heard from anyone regarding Hawkins Measure J projects.

Series B Funding – Dr. Eaton provided the committee with the presentation created for the March 14 State Board of Education meeting. Board Member Pete Carlson and Dr. Eaton represented the district requesting approval of the district's bond limits waiver, including the use of capital appreciation bonds. SBE requested additional time to consider the district's request. The district waiver is on the May 9 SBE agenda. Mrs. Couch asked if parental and community support letters would be of any help. Dr. Eaton felt that letters from MJPF and Traina Parents' Club were a good idea.

5. INPUT FOR APRIL NEWSLETTER – Ideas for the April newsletter included: status of the fields/grass, series B funding, Jefferson School and Traina gymnasium design update, Hawkins site walk on April 8, tax increase, 10-year call scenario, concerns/questions to Dr. Eaton and committee application openings.

6. REVIEW NEW CONTRACTS OBLIGATING BOND FUNDS – Charles Walker Inspection Services and ENGEO contracts were reviewed.

7. **APPROVAL OF EXPENDITURE REPORTS FOR CURRENT PROJECTS AND PROGRAMS** – RGM change orders were presented as were expenditure reports from July 1 2012 through February 2013. Change orders resulted in savings of \$222,177 to the district. MSA (Abercrombie/Couch) approve the expenditure reports for current projects and programs
