2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

# General Information about the School Accountability Report Card (SARC)

# SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### 2022-23 School Overview

### Principal's Message

Tom Hawkins Elementary School is a transitional kindergarten through eighth-grade school within the Jefferson School District. Our school is a unique learning community where teachers, parents, students, and administrators enjoy the mutual respect and care essential to positive growth and learning. Our school is a place where students not only feel cared for and safe, but academically challenged as well. Students develop the knowledge, skills, relationships and character necessary to be successful beyond their school years, and they leave Tom Hawkins prepared to be lifelong learners. We have the unique opportunity of having Hawkins graduates return to our campus as staff members. Hawkins students are known to excel in academic, athletic, and leadership programs when they enter high school. We encourage our students to pursue all areas of their development including art, music, leadership, character and athletics. Our professional staff is committed to high academic and behavioral standards, assisting students in reaching their goals, and ongoing staff development to enrich their teaching expertise and research-based repertoire of teaching practices. We are committed to ensuring all of our students are college and career ready and armed with 21st-century skills by infusing technology and digital literacy in all of our classrooms. Our students and staff benefit from 1:1 Chromebooks and are very proficient in the Google suite of apps. The Character Education program focuses around 10 pillars of character: Safety, Respect, Compassion, Sportsmanship, Cooperation, Perseverance, Trustworthiness, Creativity, Leadership and Excellence. Diverse role models are used to bring these traits to life. Students also receive weekly social-emotional learning instruction using research-based curriculum. In an effort to promote collective responsibility, the entire teaching staff is responsible for this instruction. We utilize a Positive Behavior Interventions and Support (PBIS) system with our BARK (Behavior, Attitude, Responsibility, and Kindness) pillars. Students can earn Husky Bucks as a reward for demonstrating BARK pillars and they get to spend their earnings at our Husky Bucks Store. Our students learn how to play together in a fair and responsible manner through our Peaceful Playground recess system. These programs support our school discipline philosophy that behaviors are skills. Like any other skill, the best way to change behavior skills is through mutual respect, instruction, clear expectations, and practice.

What makes Hawkins a unique educational experience is the focus on student-centered events. It is our belief that school should foster the passion of students in multiple disciplines beyond academia. On the first day of school, the staff greets students with a red-carpet welcome. There are many student events throughout the year, such as BMX Character assembly, Walk/Bike to School Day, Day of the Writer, Spelling Bee, Fund Run, Jump Rope for Heart, Halloween Parade, Red Ribbon Week, Great Kindness Challenge, talent show, Read Across America, and College Week. We greatly value writing, science, art, music, leadership and athletics. The Hawkins community greatly values field-trip experiences. Traditionally, all grade levels have the opportunity to take at least one field trip per year so that our students' educational opportunities go beyond the classroom.

### **School Mission Statement**

At Tom Hawkins Elementary School, we take collective responsibility to ensure all students learn at high levels.

School Vision Statement

### 2022-23 School Overview

Tom Hawkins Elementary School is composed of a dedicated staff committed to providing the highest standards of education, developing the whole child, providing school safety and continuously striving for improvement. The staff and parent community value programs of instruction in art, music, physical education and character and know that all students have individual paths to success. Tom Hawkins students are leaders inside and outside of school and leave the halls of the school prepared for high school and beyond.

### **District Mission Statement**

We take collective responsibility for ensuring all students achieve at high levels.

### District Vision Statement

We want to be a collaborative, inter-dependent school district, focused on student learning to meet the mission of the Jefferson School District. We envision a district in which staff:

- Demonstrate an unwavering commitment to developing the whole child (Whole Child)
- Seek and implement research-based strategies for improving student learning on a continual basis (Research-based)
- Monitor each student's progress and ensure mastery of all essential standards (Ensure Mastery)

# A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The steps below describe the selection process for our textbooks and instructional materials.

- 1. These decisions are made before beginning the process:
  - Discuss critical issues with administrators and curriculum representatives
  - Determine issues unique to district needs
  - Needs assessment
  - School improvement plans
  - Superintendent direction
  - Board direction
  - Review the state's textbook-adoption committee's evaluation of textbooks—look at criteria used overall in relation to each textbook and publisher
- 2. We then form a committee of administrators, teachers (representatives from all grade levels) and par-ents.
- 3. The committee reviews, researches and identifies essential K-8 curriculum and assesses needs.
- 4. The committee establishes consensus on the most important criteria to evaluate during initial screen-ing.
- 5. Depending on how many textbook programs have been approved, we make arrangements to preview samples. An initial preview may be necessary to determine whether the committee needs to preview all samples. All textbooks are from the state-approved list.
- 6. The committee conducts evaluations, pilots, reviews, and shares the conclusions with administrators and staff.
- 7. Community members are invited to review curriculum and provide feedback.
- 8. The committee submits its recommendation to the school board for approval and, finally, implements the new program, monitors, and modifies or supplements when necessary.
- 9. The district has affirmed that each pupil, including English learners, has his or her own textbook to use in class and to take home.

### **School Facility Conditions and Planned Improvements**

Hawkins Elementary School began as a portable campus, and the permanent campus opened in the fall of 2002. The campus has a large athletic gym that serves as the cafeteria and multi-purpose room. The main campus contains an updated library. We continue to purchase books and resources for the library to further enhance student learning and encourage a lifelong love of reading. Our focus has been on expanding our Young Adult and Primary sections and have quickly filled the new bookcases that were built. The campus has grown in size throughout the years. Construction of 10 additional classrooms for sixth, seventh and eighth graders was completed in August 2005. Students and staff help keep the campus clean and litter-free. The Associated Student Body Officers also lead campus wide recycling each week. Three full time custodians take great pride in maintaining organized, clean and safe facilities. There are three play yards on campus: kindergarten, primary and upper. A new playground structure on the primary play yard was installed in July 2017. Colorful stenciled and painted games fill the Primary blacktop as part of the implementation of a recess program called Peaceful Playground. The Peaceful Playground program was implemented in August of 2016 and has greatly improved the quantity and diversity of games being played on the playground, as well as greatly reduced playground discipline. We continue to add playground equipment to ensure students will have multiple options for activity. Each playground is well supervised during recess and lunch. Six campus aides supervise students during lunchtime. Although some students are bused to and from school, this is a neighborhood school. Most students walk, ride their bikes or are driven to school by their parents utilizing two car lines in the front of the school. During the 2012-13 school year, Measure J bond money allowed for the construction of a track and field for all students to use during their physical education classes and recess time. Measure J also provided funding to improve campus lighting, interior courtyard modernization, a gym divider, grades 6-8's courtyard development and two shade structures for student use. In the summer of 2017, character trait banners were installed on flagpoles to highlight the focus traits. The administrative office, staff workroom, and faculty lounge were modernized in 2019. The entire campus phone system was modernized in 2020.

Jefferson School District places a strong emphasis on ensuring the safety of all students and staff members. The school's custodial team ensures the school facilities comply with all federal and state health and safety regulations. A scheduled maintenance program is administered by Jefferson School District to ensure all classrooms, restrooms and facilities are well maintained and in good repair. Jefferson School District is firmly committed to providing and maintaining a safe and healthy work environment. In order to achieve this goal, Jefferson School District has developed an Injury and Illness Prevention Program for all employees to follow. It is designed to increase training and minimize workplace accidents, injuries and illnesses. By making safety a high priority for every employee, we can reduce injuries and illnesses, increase productivity, and promote a safer and healthier environment for all individuals at Jefferson School District. With the onset of COVID-19, the campus has added hospital grade filters in every classroom and common spaces and has implemented meticulous cleaning and disinfecting protocols to prevent the transmission of the virus. Staff members receive yearly training for EpiPen use, diabetes, mandated reporting, sexual harassment, and bullying prevention along with emergency response procedure training.

### **B. Pupil Outcomes**

### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

### **Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

# Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	48	N/A	55	N/A	47
Mathematics (grades 3-8 and 11)	N/A	37	N/A	45	N/A	33

# 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

# **B. Pupil Outcomes**

# **State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

# 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

### **2022-23 Opportunities for Parental Involvement**

Parents are encouraged to take active roles in the educational process by participating in various committees such as the School Site Council, Hawkins Parent Faculty Club and the English Learner Advisory Committee. Opportunities for parents to be involved are the follwoing: attending monthly board meetings or back-to-school night, open house or classroom performances; and by volunteering in the classroom and at schoolwide activities. Our goal at Hawkins is to provide parents with many opportunities to be a vital component of the instructional process. The parent community is kept informed of school events and activities through a weekly newsletter, a school website, Facebook and Instagram pages, a digital marquee, and the Hawkins Parent Faculty Club Facebook page.

For more information on how to become involved, please visit our school website at www.jeffersonschooldistrict.com/hawkins, or contact Principal Fiona Bessette at (209) 839-2380.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety

### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

### 2022-23 School Safety Plan

Safety procedures and routines are reviewed with staff, students and parents. Key elements of the plan include providing for the safety and welfare of its students and staff, especially in a disaster situation, and to work cooperatively with other community agencies to prepare for and effectively deal with a disaster situation in our community. Our major goals are to save lives, protect property, and give aid to those in need in the event of a disaster. We hold practice drills monthly to ensure all staff, students and parents are aware of the necessary procedures to follow should a disaster or emergency arise. These drills included Fire Drills, Shelter In Place Drills, Lockdown Drills, and Earthquake Drills. The Safety Committee meets to update and revise the School Safety Plan annually. The plan was last reviewed in October, 2022 and was approved by the Jefferson School District Board of Trustees in November, 2022.

### **Professional Development**

JSD encourages staff to attend outside conferences and workshops to further their education and stay current on recent educational research. Minimum days are scheduled throughout the year for teachers to participate in ongoing staff development at both the site and district levels. Teachers participate in ongoing staff development at the site as well as the county level. Professional-development methods include: after-school workshops, conferences, and individual mentoring and coaching. Teachers have participated in Common Core English language arts, math, writing, Guided Language Acquisition Design (GLAD), meeting the needs of special populations, technology training and district instructional norms. PD goals include training and support to plan rigorous lessons and monitoring student achievement and providing interventions when necessary, through the PLC progress. Several paid summer workshops were made available to teachers.

A New Teacher professional learning day is offered in August and full day professional learning days are offered to all teachers and admin before the school year begins. There is an additional day in the Spring. JSD also coordinates a day of PD for classified instructional staff each school year. School staff receive professional development monthly at staff meetings. These are called Professional Learning Opportunities, or PLOs. The mini lessons allow staff members to receive timely, practical, and applicable training from the District Instructional Coaches. School Instructional Leadership Teams meet monthly to work on school-wide instructional goals and professional development. The team members lead their grade level colleagues through the PLC process. In addition, they attend district professional leadership team meetings/PD. Grade-level collaboration teams work together to develop Essential Standards Plans, assessments and professional learning community collaboration.

This table displays the number of school days dedicated to staff development and continuous improvement.
