2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Corral Hollow Elementary School is a TK-8 campus within the Jefferson School District. Opened in August 2024, the school is currently in its inaugural year during the 2024-2025 school year.

Mission Statement: Corral Hollow Elementary School is dedicated to providing a safe, inclusive environment where students thrive academically, socially, and emotionally. We empower students to become critical thinkers who actively pursue and achieve their full potential.

2024-25 School Description and Mission Statement

Vision Statement: At Corral Hollow Elementary School, we are committed to cultivating a community of lifelong learners who contribute positively to society. We aim to equip students with the skills needed to thrive in an ever-changing world, while nurturing empathy, creativity, resilience, and a deep appreciation for diversity.

The school boasts state-of-the-art facilities, including modern classrooms, a bright and spacious library and media center, a science lab, a band room, and a multi-purpose room with a gymnasium and performance stage. Students are equipped with district-issued Chromebooks for 1:1 learning.

Corral Hollow Elementary School implements the Positive Behavior Interventions and Support (PBIS) system, with our Colt P.R.I.D.E. pillars: Prepared, Responsible, Independent, Diligent, and Empathetic. Students can earn Colts Cash as a reward for demonstrating these pillars, which they can spend at our Colts Cash Store.

The Associated Student Body (ASB) provides students with the opportunity to work alongside teacher leaders to foster school spirit and contribute to a welcoming campus environment. ASB students organize school spirit days, dances, pep rallies, and College Week events.

All TK-4 students participate in weekly music classes, while students in grades 5-8 have the opportunity to join the school band. Band students showcase their talents through concerts and band competitions.

In addition to academics, Corral Hollow Elementary School offers a variety of extracurricular activities. The school's athletics program includes volleyball, cross country, basketball, soccer, flag football, and track. Furthermore, the school offers enrichment activities such as Science Olympiad, Math Olympiad, and other STEAM programs.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)

Unknown/Incomplete/NA						
Total Teaching Positions						

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The steps below describe the selection process for our textbooks and instructional materials.

1. These decisions are made before beginning the process:

- Discuss critical issues with administrators and curriculum representatives
- Determine issues unique to district needs
- Needs assessment
- School improvement plans
- Superintendent direction
- Board direction
- Review the state’s textbook-adoption committee’s evaluation of textbooks—look at criteria used overall in relation to each textbook and publisher

2. We then form a committee of administrators, teachers (representatives from all grade levels) and parents.

3. The committee reviews, researches and identifies essential K-8 curriculum and assesses needs.

4. The committee establishes consensus on the most important criteria to evaluate during initial screening.

5. Depending on how many textbook programs have been approved, we make arrangements to preview samples. An initial preview may be necessary to determine whether the committee needs to preview all samples. All textbooks are from the state-approved list.

6. The committee conducts evaluations, pilots, reviews, and shares the conclusions with administrators and staff.

7. Community members are invited to review curriculum and provide feedback.

8. The committee submits its recommendation to the school board for approval and, finally, implements the new program, monitors, and modifies or supplements when necessary.

9. The district has affirmed that each pupil, including English learners, has his or her own textbook to use in class and to take home.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parental involvement and support are key components to the success of Corral Hollow Elementary School. There are many ways for families to partner with the school community. Families can join the newly established Corral Hollow Parent Faculty Association (CHPFA), formed in December 2024. The CHPFA plans to partner with the school community to promote open communication, support educational programs, organize beneficial events, and raise funds to enhance school initiatives. Additionally, parents and guardians can become involved with the School Site Council (SSC), the English Learner Advisory Committee (ELAC), and the Parent Advisory Committee (PAC). With proper clearance, parents and guardians are also welcome to volunteer on campus.

Corral Hollow Elementary School sends out a weekly family newsletter via ParentSquare, featuring upcoming school events, activities, and other important updates. The school also maintains a digital marquee outside to notify the community of upcoming events and important announcements.

C. Engagement

State Priority: Pupil Engagement

2024-25 School Safety Plan

Corral Hollow Elementary School maintains a Comprehensive School Safety Plan (CSSP), which is a living document. The plan is reviewed annually by staff at the beginning of each school year and includes policies and procedures for a variety of emergencies to ensure the safety of students and staff. It was last reviewed with faculty and staff in August 2024.

As required by the District, the school conducts monthly emergency drills with all students and staff present on campus. Drills include fire, earthquake, lockdown, shelter-in-place, and reverse evacuation drills. Following each drill, the team debriefs and

2024-25 School Safety Plan

adjusts the safety plan as needed.

Each classroom has an emergency procedures guide posted near the door, outlining protocols for emergencies such as fallen aircraft, floods, fires, missing students, campus shootings, earthquakes, bomb threats, explosions, chemical accidents, and lockdowns. Emergency backpacks with first aid supplies and contact information are also provided.

The CSSP is reviewed annually by the School Site Safety Committee. It was last updated, reviewed, and discussed with the School Site Safety Committee/School Site Council in January 2025.

Professional Development

Jefferson School District is known for its commitment to enhancing teacher effectiveness and student learning outcomes. GLAD strategies are an integral part of the Jefferson School District's instructional framework, fostering language acquisition and academic success. The district's commitment to implementing GLAD strategies aligns with research-based practices for language development and provides a foundation for creating language-rich classrooms. Teachers demonstrate a strong understanding and application of GLAD strategies in diverse classrooms. Continuous training and support for educators ensure the sustained implementation of GLAD strategies, which provides a positive impact observed on student engagement and

language acquisition.

The PLC process at Jefferson School District serves as a catalyst for collaborative learning and professional growth. Teachers and staff actively engage in reflective practices, data analysis, and shared decision-making to improve instructional practices and student achievement, which ensures the commitment to a culture of collaboration and shared responsibility. Effective use of data-driven discussions are used to inform instructional decisions. Regular PLC meetings provide a platform for educators to address challenges and celebrate successes.

Jefferson School District prioritizes providing diverse professional learning opportunities to empower educators and strengthen instructional practices. These opportunities encompass workshops, conferences, and online courses that align with district goals and individual teacher needs. A variety of professional development options cater to different learning preferences. Regular needs assessments help tailor professional learning opportunities to educators' specific requirements. The integration of technology is used to facilitate continuous learning and development.

The partnership with McRel International has been a cornerstone in enhancing instructional leadership and fostering a data-informed culture within the district. McRel's research-based frameworks provide valuable insights that guide decision-making at both the school and district levels. McRel International provides access to high-quality research and resources that inform instructional practices. Professional development sessions conducted by a McRel expert (Cheryl Abila) contribute to the capacity-building of educators and administrators. The district utilizes integration of McRel frameworks into the district's strategic planning and continuous improvement processes.

Jefferson School District's commitment to professional development through GLAD strategies, the PLC process, professional learning opportunities, and collaboration with McRel International is commendable. By leveraging these insights, the district can further enhance its professional development initiatives and contribute to the overall success of both educators and students.
