INDEPENDENT AUDITORS' REPORT

Board of Trustees
Jefferson Elementary School District
Tracy, California

We have audited the accompanying general-purpose and combining financial statements of the Jefferson Elementary School District, as of and for the year ended June 30, 2001, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and *Standards and Procedures for Audits of California K-12 Local Educational Agencies*, prescribed by the State Controller. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In common with other school districts, the District has not maintained a complete historical cost record of its general fixed assets and, accordingly, the financial statements do not include the general fixed assets group of accounts required by generally accepted accounting principles. The amount that should be recorded in the general fixed assets account group relates to historical data that is not currently available.

In our opinion, except for the effect on the financial statements of the omission of the general fixed asset group of accounts, the general-purpose and combining financial statements referred to above present fairly, in all material respects, the financial position of the Jefferson Elementary School District at June 30, 2001, and the results of its operations and the cash flows of its proprietary fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2001, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The accompanying financial and statistical information listed in the table of contents, including the Schedule of Expenditures of Federal Awards which is required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose and combining financial statements and, in our opinion, is fairly stated in all material respects, in relation to the general-purpose and combining financial statements taken as a whole.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2001

NOTE #1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Jefferson Elementary School District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants, except that a complete historical cost record of fixed assets has not been maintained. The Jefferson Elementary School District accounts for its financial transactions in accordance with the policies and procedures of the California School Accounting Manual.

A. Financial Reporting Entity

The District includes all funds and account groups that are controlled by or dependent on the District's governing board for financial reporting purposes. The District has considered all potential component units in determining how to define the reporting entity, using criteria set forth in accounting principles generally accepted in the United States of America. The District determined that there are no potential component units that meet the criteria for inclusion within the reporting entity.

B. Fund Accounting

The accounts of the District are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The District accounts are organized into fund types and account groups as follows:

Governmental Funds

- General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.
- Special Revenue Funds are used to account for specific revenue sources that are legally restricted to expenditures for specific purposes.
- Capital Projects Funds are used to account for the acquisition and/or construction of all major governmental general fixed assets.

Proprietary Funds

- Internal Service Funds are used to account for services rendered on a cost-reimbursement basis within the District.

Fiduciary Funds

- Agency Funds are used to account for assets held by the District as trustee.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2001

Account Group

The accounting and reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds and expendable trust funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on their balance sheet. Their reported fund balance is considered a measure of "available spendable resources". Thus, the long-term liabilities associated with governmental funds and expendable trust funds are accounted for in the account group of the District:

- The General Long-term Debt Account Group is used to account for long-term liabilities expected to be financed from governmental funds.

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

Governmental funds are generally accounted for using the modified accrual basis of accounting. Their revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current fiscal period. Expenditures are recognized in the accounting period in which the liability is incurred (when goods are received or services rendered), except for unmatured interest on general long-term debt, which is recognized when due.

Fiduciary fund assets and liabilities are also accounted for on the modified accrual basis.

Proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when the related liabilities are incurred. The District applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements.

D. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget no later than July 1 in accordance with state law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenue and expenditures primarily resulting from events unknown at the time of budget adoption. It is this final revised budget that is presented in these financial statements. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2001

E. Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

F. Stores Inventory

Inventory is valued at cost utilizing the first in, first out method. Inventory in the applicable funds consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are withdrawn from the stores inventory for consumption. Reported inventories are equally offset by a fund balance reserve that indicates that these amounts are not "available for appropriation and expenditure" even though they are a component of net current assets.

G. Compensated Absences

Accumulated unpaid employee vacation benefits are recognized as liabilities of the District. The amount of the liability expected to be paid from current resources is recognized at year-end in the governmental fund that will pay the benefit. The noncurrent portion of the liability is recognized in the general long-term debt account group.

Accumulated sick leave benefits are not recognized as liabilities of the District. The District's policy is to record sick leave as an operating expense in the period taken since such benefits do not vest nor is payment probable. However, unused sick leave is added to the creditable service period for calculation of retirement benefits when the employee retires if the employee was hired prior to July 1, 1980.

H. Fund Balance Reserves and Designations

Reservations of the ending fund balance indicate the portions of fund balance not available for appropriation or amounts legally segregated for a specific future use.

Designations of the ending fund balance indicate tentative plans for financial resource utilization in a future period.

I. Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are payable in two installments on November 15 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of San Joaquin bills and collects the taxes for the District. The District recognizes tax revenues when received.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2001

J. Statement of Cash Flows

For the purposes of the Statement of Cash Flows, the internal service fund considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Deposits with County Treasurer are considered cash equivalents.

K. Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

L. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

M. Total (Memorandum Only) Columns on Combined Statements

The Combined Financial Statements include total columns captioned as "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with accounting principles generally accepted in the United States of America. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE #2 – CASH

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2001

The Federal Depository Insurance Corporation insures cash balances held in banks and in revolving funds up to \$100,000. At June 30, 2001, the carrying amount of the District's deposits was \$42,780, and the bank balance was \$44,128. All cash held by financial institutions is fully insured.

NOTE #3 – INVESTMENTS

Investments consist of deposits with the County Treasurer in the amount of \$15,666,681 (fair value of \$15,701,148) is an external investment pool sponsored by the County of San Joaquin. School Districts are required to deposit all receipts and collections of monies with their county treasurer (Education Code Section 41001). Therefore, the District is considered to be an involuntary participation in an external investment pool. County deposits are not required to be categorized. The pool sponsor provided the fair value for these deposits.

Amount to be provided for retirement of general long-term debt				<u>\$ 182,812</u>

B. Accumulated Unpaid Employee Vacation

The long-term portion of accumulated unpaid employee vacation for the District at June 30, 2001, amounted to \$19,104.

C. Postemployment Benefits

The District provides postemployment health care benefits, in accordance with District employment contracts, to all employees who retire from the District on or after attaining age 65 with at least ten years of service. Currently, four employees meet those eligibility requirements. The District will contribute up to \$7,100 per employee per year. Expenditures for postemployment benefits are recognized on a pay-as-you-go basis, as premiums are paid. During the year, expenditures of \$20,297 were recognized for retirees' health care benefits.

The approximate accumulated future liability for the District at June 30, 2001, amounts to \$103,577. This amount was calculated based upon the number of retirees receiving benefits multiplied by the yearly district payment per employee in effect at June 30, 2001, multiplied by the number of years of payments remaining. An actuarial study has not been performed for current employees. If an actuarial study had been performed, the estimated liability could be greater than the estimate above.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTE #10 – EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer contributory retirement plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS) and classified employees are members of the Public Employees' Retirement System (PERS).

A. STRS

Plan Description

The District contributes to the California State Teachers' Retirement System (STRS); a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement and disability benefits and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from STRS, 7667 Folsom Blvd., Sacramento, CA 95826.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2001

Funding Policy

Active plan members are required to contribute 8.0 percent of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by STRS Teachers' Retirement Board. The required employer contribution rate for fiscal 2000-2001 was 8.25 percent of annual payroll. The contribution requirements of the plan members are established by State statute. The District's contributions to STRS for the fiscal year ending June 30, 2001, 2000, and 1999 were \$271,690, \$208,372, and \$164,003, respectively, and equal 100 percent of the required contributions for each year.

B. PERS

Plan Description

The District contributes to the School Employer Pool under the California Public Employees' Retirement System (CalPERS); a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. The plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Laws. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95814.

Funding Policy

Active plan members are required to contribute 7.0 percent of their salary (prior to January 1, 2001, 7.0 percent of monthly salary over \$133.33 if the member participates in Social Security) and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. There was no required employer contribution rate for fiscal 2000-2001. The contribution requirements of the plan members are established by State statute. The District was not required to make contributions to CalPERS for the fiscal year ending June 30, 2001, 2000, and 1999.

C. Other Information

Under STRS law, certain early retirement incentives require the employer to pay the present value of the additional benefit which may be paid on either a current or deferred basis. The District has no obligations to STRS for early retirement incentives granted to terminated employees.

D. Social Security

As established by Federal law, all public sector employees who are not members of their employer's existing retirement system (STRS or PERS) must be covered by social security or an alternative plan. The District has elected to use social security as its alternative plan.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2001**

E. On Behalf Payments

The State of California makes contributions to STRS and PERS on behalf of the District. These payments consist of State General Fund contributions to STRS in the amount of \$165,976 (5.0385 percent of salaries subject to STRS) and to PERS in the amount of \$730 (0.092 percent of salaries subject to PERS). Under generally accepted accounting principles, these amounts are to be reported as revenues and expenditures, however, guidance received from the California Department of Education advises local educational agencies not to record these amounts in the Annual Financial and Budget Report (J-200). These amounts also have not been recorded in these financial statements.

NOTE #11 – RISK MANAGEMENT

A. Description

The District’s risk management activities are recorded in the General and Internal Service Fund. Employee life, health, and disability programs are administered by the General Fund through the District’s participation in the San Joaquin County Schools Insurance Group public entity risk pools (JPA’s). Excess liability coverage is purchased through the JPA. Refer to Note #13 for additional information regarding the JPAs.

For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

The following is a summary of the insurance policies carried by the District as of June 30, 2001.

<u>Insurance Program Company Name</u>	<u>Type of Coverage</u>	<u>Limits</u>
<u>Workers' Compensation Program</u> San Joaquin County Schools Workers' Compensation	Workers' Compensation	State Statutory Limits
<u>Excess Property and Liability Program</u> San Joaquin County Schools Property & Liability	Excess Property and Liability	\$1,000 per incident
<u>Health Care Program</u> San Joaquin County Health Care Insurance Group	Health Care	N/A

NOTE #12 – COMMITMENTS AND CONTINGENCIES

A. State and Federal Allowances, Awards and Grants

The District has received State and Federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the grants, in the opinion of management any required reimbursements will not be material.

B. Construction Commitments

As of June 30, 2001, the District had the following commitments with respect to the unfinished capital projects:

CAPITAL PROJECT	Remaining Construction Commitment	Expected Date of Completion
Jefferson School - Gym Acoustical Panels Project	\$ 10,705	08/29/01
Monticello School - Storage Room Project	9,510	08/08/01
Tom Hawkins School - Temporary Campus Addition	245,821	09/04/01
Tom Hawkins School - Permanent Campus	10,296,032	03/24/02
	<u>\$ 10,562,068</u>	

NOTE #13 – PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is a member of the San Joaquin County Schools Workers' Compensation Group (SJCSWCIG), San Joaquin County Health Care Insurance Group (SJCSHCIG), San Joaquin County Schools Property and Liability Insurance Group (SJCSPLIG) public entity risk pools, San Joaquin County Legal Services Authority (SJCSLSA), Tracy Area Public Facilities Financing Agency (TAPFFA) joint powers agency, and the San Joaquin County Schools Data Processing Group (SJCSDDPC). The District pays an annual premium to the applicable entity for its health, workers' compensation, legal services, data processing, and property liability coverage. The relationships between the District, and the JPA's are such that they are not component units of the District for financial reporting purposes.

These entities have budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, fund transactions between the entities and the District are included in these statements. Audited financial statements are available from the respective entities.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2001

NOTE #14 – TAX AND REVENUE ANTICIPATION NOTES

On July 3, 2000, the District issued \$660,000 Tax and Revenue Anticipation Notes bearing interest at 4.27 percent. Interest and principal were due and payable on July 3, 2001. By May, 2001, the District had placed 100 percent of principal and interest in an irrevocable trust for the sole purpose of satisfying the notes. The District was not required to make any additional payments on the notes. As the District has in substance defeased the debt, the tax anticipation notes of \$660,000 and related accrued interest and cash held in trust are not included in these financial statements.

NOTE #15 – SUBSEQUENT EVENTS

The District issued \$660,000 of Tax and Revenue Anticipation Notes dated July 1, 2001. The notes mature on July 3, 2001, and yield 2.65 percent interest. The notes were sold to supplement cash flow. Repayment requirements are that a percentage of principal and interest be deposited with the Fiscal Agent each month beginning February, 2002, until 100 percent of principal and interest due is on account in May, 2002.

NOTE #16 – NEW ACCOUNTING PRONOUNCEMENTS

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement of Financial Accounting Standard No. 34 "*Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*". This Statement establishes financial reporting standards for state and local governments, including states, cities, towns, villages and special-purpose governments such as school districts and public utilities. Specifically the basic financial statements and required supplementary information (RSI) for general-purpose governments should consist of:

A. Management's Discussion and Analysis (MD&A)

B. Basic Financial Statements which include:

- Government-wide financial statements prepared using the economic measurement focus and the accrual basis of accountings.
- Fund financial statements prepared using the current financial resources measurement focus and the modified accrual basis of accounting.
- Required supplementary information.

C. The requirements of this statement are effective in three phases based on a government's total annual revenues for the year ended June 30, 2001, with earlier application encouraged. These phases are as follows:

JEFFERSON ELEMENTARY SCHOOL DISTRICT

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2001

Phase I: Districts with total revenue of \$100 million or more are required to implement for the year ending June 30, 2002.

Phase II: Districts with total revenue of at least \$10 million but less than \$100 million are required to implement for the year ending June 30, 2003.

Phase III: Districts with total revenue of less than \$10 million are required to implement for the year ending June 30, 2004.

Based on the above criteria, the District expects to adopt the provisions of this statement for the fiscal year ending June 30, 2004. While the District believes the adoption of this statement will have a significant impact on how the District's financial position and results of operations is presented in its annual financial statements, the District has not determined the full impact of the adoption.

The general fund balance has increased by \$682,767 over the past two years. The fiscal year 2001-02 budget projects an increase of \$178,015. For a district this size, the State recommends available reserves of at least three percent of total general fund expenditures, transfers out, and other uses (total outgo).

The District has incurred operating surpluses in each of the past three years, and anticipates incurring an operating surplus during the 2001-02 fiscal year. Total long-term debt has increased by \$58,941 over the past two years.

Average daily attendance has increased by 317 over the past two years. An increased growth of 195 is anticipated during fiscal year 2001-2002.

¹ Budget 2002 is included for analytical purposes only and has not been subjected to audit.

² Available reserves consist of all undesignated fund balances and all funds designated for economic uncertainty contained within the general fund and special reserve fund.

See accompanying note to supplementary information.

NOTE TO SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2001

NOTE #1 - PURPOSE OF SCHEDULES

A. Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the general-purpose financial statements.

B. Schedule of Average Daily Attendance (ADA)

Average daily attendance (ADA) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionment's of State funds are made to school districts. This schedule provides information regarding the attendance of students at various grade levels and in different programs.

C. Schedule of Instructional Time

The District has received incentive funding for increasing instructional time as provided by the Incentives for Longer Instructional Day. The schedule presents information on the amount of instructional time offered by the District and whether the District complied with the provisions of Education Code Sections 46201 through 46206.

Districts must maintain their instructional minutes at either the 1982-83 actual minutes or the 1986-87 requirement, whichever is greater, as required by Education Code Section 46201.

D. Reconciliation of Annual Financial and Budget Report with Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form J-200 to the audited financial statements.

E. Schedule of Financial Trends and Analysis

This schedule discloses the District's financial trends by displaying past years' data along with current year budget information. These financial trend disclosures are used to evaluate the District's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Jefferson Elementary School District
Tracy, California

We have audited the financial statements of Jefferson Elementary School District as of and for the year ended June 30, 2001, and have issued our report thereon dated September 28, 2001. In our report, our opinion was qualified because the District did not maintain a general fixed asset group of accounts. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Jefferson Elementary School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Jefferson Elementary School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Jefferson Elementary School District's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Financial Statement Findings as item 1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above is a material weakness.

This report is intended for the information and use of the Board of Trustees, management, the California Department of Education, the State Controller's Office, federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees
 Jefferson Elementary School District
 Tracy, California

We have audited the financial statements of the Jefferson Elementary School District as of and for the year ended June 30, 2001, and have issued our report thereon dated September 28, 2001. In our report, our opinion was qualified because the Jefferson Elementary School District did not maintain a general fixed asset group of accounts. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial and compliance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the State Controller's *Standards and Procedures for Audits of California K-12 Local Educational Agencies*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The management of Jefferson Elementary School District is responsible for compliance with laws and regulations. In connection with the audit referred to above, we selected and tested transactions and records to determine the Jefferson Elementary School District's compliance with the laws and regulations of the following items:

	Procedures in Controller's Audit Guide	Procedures Performed

JEFFERSON ELEMENTARY SCHOOL DISTRICT

FINANCIAL STATEMENT FINDINGS FOR THE YEAR ENDED JUNE 30, 2001

The following findings represent reportable conditions, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with generally accepted government audit standards. The findings have been coded as follows:

<u>Five Digit Code</u>	<u>AB 3627 Finding Type</u>
30000	Internal Control

CASH RECEIPTS

1. Finding (30000)

Individual prenumbered receipts are not used at the school site to record receipt of money from fundraising activities. Instead, cash and checks received are often placed in envelopes with the teacher's name or just placed in a bag and delivered to the district office. If time does not permit counting at time of delivery, the envelopes and/or bag are placed in the safe upon delivery from the school site. The cash and checks will then be counted and the deposit prepared when time permits. The current procedure does not allow for documentation of the collections made at the school site to be verified at the district office.

Recommendation

We recommend that teachers or other individuals turning money into the school site secretary provide an accounting of the checks and cash collections. The school site secretary then should verify the amount given to them and provide a receipt to the teacher or person giving them the money. Ideally, this verification should be performed while both parties are present. Once the collections have been verified the school site secretary should prepare the deposit and place into a sealed deposit bag. The sealed deposit bag should be delivered to the District office where District office personnel will provide a receipt to the school site secretary for the amount indicated on the Deposit. District office personnel will then make the deposit at the bank.

District Response

The District has implemented these procedures at one site and is continuing to implement the same procedure at its other two sites.

JEFFERSON ELEMENTARY SCHOOL DISTRICT

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2001

Except as specified in previous sections of this report, summarized below is the current status of all audit findings reported in the prior year's schedule of financial statement findings.

CASH RECEIPTS

1. Finding (30000)

Individual prenumbered receipts are not used at the school site to record receipt of money from fundraising activities. Instead, cash and checks received are often placed in envelopes with the teachers name or just placed in a bag and delivered to the district office. If time does not permit counting at time of delivery, the envelopes and/or bag are placed in the safe upon delivery from the school site. The cash and checks will then be counted and the deposit prepared when time permits. The current procedure does not allow for documentation of the collections made at the school site to be verified at the district office.

Recommendation

We recommend that the use of 2 part prenumbered receipts be implemented at the school site. Copies of the receipts should accompany the actual collections of cash and checks. This will provide documentation of the collections at the school site and a means for the district office to verify the receipts.

Current Status

Partially Implemented.
